PAYCHECKS MATH

	Total Points Earned	Name: <u>Cody Harris</u>
44	Total Points Possible	Date: <u>12/13/12</u>
	Percentage	Class: <u>4th Hour</u>

Directions: Answer the following questions to help provide the information for the paycheck.
Hint: A way to double check your work is to add your deductions and your net income. If they do not equal your gross income, then you need to recalculate.

Joe works the same amount of hours each month.
 Joe worked 80 hours in the last pay period and he earns \$12 per hour.

Joe's gross pay = 80 hours x \$12.00 = 1. \$ 960.00

Calculate Joe's Social Security deduction, which is 6.2% of his gross pay.
 Gross pay 1. \$ 960.00 (answer to #1) x .062 = 3. \$ 59.52 Social Security deduction

Calculate Joe's Medicare deduction, which is 1.45% of his gross pay.
 Gross pay 1. \$ 960.00 (answer to #1) x .0145 = 5. \$ 13.82 Medicare deduction

Add all of Joe's deductions together to figure out the total amount taken out of each paycheck.
 Joe's deductions include the following:

- a) \$ 84.00 Federal withholding
- b) \$ 38.00 State withholding
- c) \$ 59.52 Social Security (answer to #3)
- d) \$ 13.82 Medicare deduction (answer to #5)
- e) \$ 25.00 Medical
- f) \$ 40.00 401K

8. \$ 360.44 Total Deductions (a) + (b) + (c) + (d)

Subtract the total deductions from Joe's gross pay to determine his net pay.
 Gross pay 8. \$ 960.00 (answer to #1) - deductions 10. \$ 600.56 (total from #8) =

11. \$ 600.56 net pay
